

You Won't Dance With Me

April Wine

When I try to phone, they say you're not at home
I don't believe that it's true
And when we fool around, you always put me down
Now what am I supposed to doWhen you won't dance with me
And you won't hold hands with me
And that's not the way to be
Girl, you're treating me badSo why should I bother to try
And why should I cry
When you don't want my love
When you don't want my loveI used to walk you home, now I walk alone
And it seems that you don't care
And when we're at school, you say I'm a fool
Why must you treat me so unfair
