Good Woman

Redrama

Let that be the first and the last time you ever put your hand on her
Believe she's like a sister and I don't want to see her hurt
You should be ashamed of yourself to treat her like that
After all you put her through she shouldn't take you back, no
Something that I fail to understand is why
Some men don't know it when they got a good woman
Lie to her, cheat on her, got the nerve to beat
Up on a good woman, she's a good woman
He's got her on lock down don't even want to let her go out
Gets vex when the friends come around
He can't see what, he is doing to her he's taking all the self esteem
From this beautiful queen
All the real players in the house who feel what I am saying
And won't be tolerating any woman beating
Can I get a oh, oh no
All the real ballers in the house who feel what I am saying
And won't be tolerating any woman beating
Can I get a oh, oh no
Something that I fail to understand is why
Some men don't know it when they got a good woman
Lie to her, cheat on her, got the nerve to beat
Up on a good woman, she's a good woman
Something that I fail to understand is why
Some men don't know it when they got a good woman
Lie to her, cheat on her, got the nerve to beat
Up on a good woman, she's a good woman
If you're thinking 'bout playing her
Don't do it
Thinking 'bout hitting her
Don't do it
Thinking 'bout cussing her
Don't do it
Thinking 'bout using her
If you're thinking 'bout playing her
Don't do it
Thinking 'bout hitting her
Don't do it
Thinking 'bout cussing her
Don't do it

Thinking 'bout using her
All the real players in the house who feel what I am saying
And won't be tolerating any woman beating
Can I get a oh, oh no
All the real ballers in the house who feel what I am saying
And won't be tolerating any woman beating
Can I get a oh, oh no
Something that I fail to understand is why
Some men don't know it when they got a good woman
Lie to her, cheat on her, got the nerve to beat
Up on a good woman, she's a good woman
Something that I fail to understand is why
Some men don't know it when they got a good woman
Lie to her, cheat on her, got the nerve to beat
Up on a good woman, she's a good woman
A good woman, a good woman, a good woman
