

# Oceans

## Jay-Z

Blessings, blessings yeah I see elephant tusk on the bow of a sailing lady  
Docked on the Ivory Coast  
Mercedes in a row winding down the road  
I hope my black skin don't dirt this white tuxedo  
Before the Basquiat show and if so  
Well fuck it, fuck it  
Because this water drown my family  
This water mixed my blood  
This water tells my story  
This water knows it all  
Go ahead and spill some champagne in the water  
Go ahead and watch the sun blaze  
On the waves of the ocean Dope boy still smelling like cocaine  
White boat, white robe  
Can he be more cleaner  
The oil spill that BP ain't clean up  
I'm anti-Santa Maria  
Only Christopher we acknowledge is Wallace  
I don't even like Washingtons in my pocket  
Black card go hard when I'm shopping  
Boat dock in front of Hermes picking cotton  
Silk and fleeces, lay on my Jesus  
Oh my God, I hope y'all don't get seasick  
See me in shit you never saw  
If it wasn't for these pictures they wouldn't see me at all  
Aww, whole world's in awe  
I crash through glass ceilings, I break through closed doors  
I'm on the ocean, I'm in heaven  
Yachting, Ocean 11 Elephant tusk on the bow of a sailing lady  
Docked on the Ivory Coast  
Mercedes in a row winding down the road  
I hope my black skin don't dirt this white tuxedo  
Before the Basquiat show and if so  
Well fuck it, fuck it  
Because this water drown my family  
This water mixed my blood  
This water tells my story  
This water knows it all  
Go ahead and spill some champagne in the water

Go ahead and watch the sun blaze  
On the waves of the ocean Me and Ty Ty is like Pablo and Popeye  
Winding dirt roads on mopeds spilling Opus  
Welcome to the magnum opus  
The Magna Carta  
The best-selling author Decoded  
On the holiday playing "Strange Fruit"  
If I'mma make it to a billi I can't take the same route  
Swoosh, that's the sound of the border  
Swoosh, and that's the sound of a baller  
Muhammad Hovi my back against the rope  
The black Maybach, I'm back inside the boat  
Shepard Fairey they finally gave me some hope  
Can't believe they got a nigga to vote  
Democrat, nope, I sold dope  
In trouble waters I had to learn how to float  
On the ocean, I'm in heaven  
Yachting, Ocean 11 Elephant tusk on the bow of a sailing lady  
Docked on the Ivory Coast  
Mercedes in a row winding down the road  
I hope my black skin don't dirt this white tuxedo  
Before the Basquiat show and if so  
Well fuck it, fuck it  
Because this water drown my family  
This water mixed my blood  
This water tells my story  
This water knows it all  
Go ahead and spill some champagne in the water  
Go ahead and watch the sun blaze  
On the waves of the ocean
