Country

Paul Weller

I know a place not far from here
Where lifes sweet perfume fills the air
And if you want I'll take you there
If you want I'll take you thereInto the light out of the dark
Where only love can heal your heart
And if you want I'll make a start
If you want I'll make a startThis place I say half hour away
Is that so far to go so near
And further on we'll find the time
And lose the discontent we feel, that we feelI feel the time we've yet to reach
Is not yet within our own belief
But I feel sure that time'll come
If it goes on at all
Said if it goes on at all, whoa if it goes on at all
Hey, it goes on and on and on and on
