

Kick It

The Bo Keys

Waiting here, for you to call me..
For you to tell me, that everything's a big mistake..
Waiting here, in this rainfall.
Feelin' so small..
The string was not supposed to break.
I'm so sorry now,
for the pain I caused you.
Would you please forgive..
Me? But you don't love me anymore,
you don't want me anymore,
There's a sign on your door.
No vacancy, just emptiness..
Without your love. I'm homeless,
in this cold, im walking aidless,
feeling helpless
without a shelter from the storm
and in my heart
I miss you so much
I miss your touch
and the bed that used to be so warm I'm so sorry now,
for the pain I cost you
Wont you please forgive
Please.... But you don't love me anymore,
you don't want me anymore,
and there's a sign on your door.
No vacancy, just emptiness..
Without your love. I'm holding.....
Oh my baby, im sorry now,
sorry. But you don't love me anymore,
you don't want me anymore,
and there's a sign on your door.
No vacant, just emptiness..
Without your love....
I'm.. Homeless..
