

Take Me

Kiss

Put your hand in my pocket, grab onto my rocket
Feels so good to see you Lucille
Baby got to know, do you want to go
How you gonna make me feel I said, "Oh baby, you make me feel ah, ah, ah, ah yeah"
Oh, baby, you make me feel ah, ah, ah, ah yeah So take me any way you want me to
Just break me any way you can
Take me any way you want me, now
Make me feel like a man, yeah Sittin in the back, her head down in my lap
The moonlight shinin down on her hair
The radio was playin, her fingertips were strayin
Her Mama didnt know she was there, no She said, "Oh baby, you make me feel ah, ah, ah, ah yeah"
Oh, baby, you make me feel ah, ah, ah, ah yeah So take me any way you want me to
Just break me any way you can
Take me any way you want me, now
Make me feel like a man, make me feel it, baby Oh, take me any way you want me to
Just break me any way you can
Take me any way you want me
Ah, ah, ah, ah yeah, ah, ah, ah, ah Take me
Take me, take me, love me
Take me
Squeeze me, hug me, any way you can
Take me, hold me baby, c'mon now
