

The Torture Never Stops

W.A.S.P.

Bang, bang, banging in your head
You're banging on the walls
Hang, hang, hanging up yourself
You're hanging by your balls And you, you die but no-one hears or cares
And hope's the rope that keeps you tied in knots The torture never stops
The torture never stops Suck, suck, sucking at your life
Your master sucks the juice
Shoot, shoot, shooting at you
And the hangman's noose is loose And you, you cry but no-one hears or cares
And hope's the rope that keeps you tied in knots The torture never stops
The torture never stops Your masters beat you bloody
Still you're running back for more
And every day, you lay down and play the whore The torture never stops
The torture never stops
