The Gobshites

My baby did a low down dirty thang
My baby turned my mind to mush
She took my liquor and left me the can to crushMy baby did a low down dirty thang
She had the gangster lean lookin' a little flushed
She took my liquor and left me the can to crushMy baby did a low down dirty thang
My baby turned my mind to mush
She took my liquor and left me the can to crushMy baby did that low down dirty thang
My baby workin' gangster lean lookin' flush
The bitch took my liquor and left me the motha can to crush
