# Rocky Took A Lover

## Bell X1

He said 'I wanna shine in the eye of Orion
But I drove my soul through the Black Hole!'
She said 'What a wonderful way to wake me
You weren't so nice last night
You're such an asshole when you're drunk'
He said 'At least I'm OK in the mornings'He said 'The three wise men came a long way
Following that pin hole in the sky
Yeah that one right there'
She said 'I don't believe in any old Jesus
If there was a God, then why is my arse
The perfect height of kicking?'He said 'I'll shine for you, I'll burn for you
Yea I'll shine for you, that's what I'll do'He said 'They're like headlights
In the rear view mirror
They're closer that they seem
And from this gutter we're still staring at the stars'
She said 'Would ya go away and shite
Last night all you did was curse those stars
You said they sang to you of hope'He said 'The sun gives life, and it takes it away
But like all the greats, it'll burn out someday'
She said 'I don't mind, I don't want to get bored
I don't want to end up beached on this shore
I want to be that star'And then I'll shine for you. Then I'll burn for you.
Then I can shine for you. That's what I'll do.
