

# Old Enough for Love

[Lenny Gerard](#)

## VERSE 1

Haven't been good to me baby  
never picked up my phone  
Chased you down to Miami beach  
Mama I'm coming back home So many things that I wanted to say  
But I had to say goodbye  
Now I Lie awake, wondering why  
I met you that night

## CHORUS 1

I don't think you're old enough for love  
I don't think you're old enough for love  
And I only know you over the phone  
And I never met you

I don't think you're old enough for love

## VERSE 2

I've been thinking about how you can never open up for me  
I've been chasing your love  
But know it can never amount to nothing  
I fell in love with your face  
But why would I give you all my money  
Everyone needs a place  
But I don't think you're old enough for all I've got to give
