

# Some Girls

[Sarah Brightman](#)

Some girls get carried away  
Others save it for a rainy day  
But we'll beg, borrow or steal  
We'll paint the town if we don't  
Drown in sex appeal Hair like honey (SOME GIRLS!)  
Have lips like wine (SOME GIRLS!)  
Make lots of money (SOME GIRLS!)  
Some legends in their own time  
Some legends in their own time Some girls make front page news  
Some girls really pay their dues  
We'll turn your head round and round  
Get on your knees - say "baby please!"  
But you can't keep us down Some girls are mothers and wives  
And they don't have to apologize  
We don't beg, borrow or steal  
We'll paint the town if we don't  
Drown in sex appeal
