

# Lost on the Stoop

Daniel Powter

Shed off and peel  
Im in no shape or form  
Youre just a reject coming down for moreWhen two are receiving  
You know I could be there  
Soon youre laughing  
Soon youre laughing my wayYour daddy dont get you  
Hed been a big mess  
Soon youre laughing  
Soon youre laughing my wayYoure urban, youre complete  
And you know I will be there  
Soon youre laughing  
Soon youre laughing your wayWhen youre lost on the stoop  
When you fall out of bounds  
Yeah, you could be leaves down, downAnd its always your fault  
You get lost in yourself  
Yeah, you could be leaves down, downAnd I can find you  
Once you know 'bout this plan  
And now I can find you  
Once you insult the manAnd yeah, you like this trash talking  
Washing you down  
And yeah, you like this trash talking  
Moving me aroundWhen two are deceiving  
You know I could be there  
Soon youre laughing  
Soon youre laughing your way againWhen youre lost in the stoop  
When you lie down on bounds  
Yeah, you could be leaves down, downBut its always your fault  
You get lost on the stupid things  
When you're leaves down, downWell, I can find you lonely  
Without a plan  
And now I can find you  
Once you insult the manAnd yeah, you like this trash talking  
Washing you down  
And yeah, you like this trash talking  
Moving through all, stand down againNow when youre lost in the stoop  
When you lie down on bounds  
Yeah, you could be leaves down, downBut its always your fault  
You get lost on the stupid things  
When you're leaves down, down
