If You Gotta Go, Go Now

Manfred Mann

Listen to me, baby
There's something you must see
I want to be with you, gal
If you want to be with meBut if you got to go
It's alright
But if you got to go, go now
Or else you gotta stay all nightIt ain't that I'm questioning you
To take part in any kinda quiz
It's just that I haven't got no watch
An' you keep asking me what time it isSo if you got to go
It's alright
But if you got to go, go now
Or else you gotta stay all nightI am just a poor boy, baby
Trying to connect
But I certainly don't want you thinking
That I haven't got any respectSo if you got to go
It's alright
But if you got to go, go now
Or else you gotta stay all nightIt ain't that I'm wanting
Anything you never gave before
It's just that I'll be sleeping soon
And it'll be too dark for you to find the doorSo if you got to go
It's alright
But if you got to go, go now
Or else you gotta stay all night
