

# Planetary Black Elements

## Covenant

nexus polaris... a truth concealed  
a gaunt expression of the end  
prophecies revealed... dimensional chaos  
in perfect symmetry - a mask so dreary  
a truth so stained - a planetary conformation  
a long lost creation - a black door dimension  
in shallow mysterywhat is this universe, but a will to exist?  
forever... in all dimensions - polaris opens it's eyes  
the nexus of time and spacenexus... a path revealed - a joyous feast of folls  
stupidity renewed... dimensional chaos... in perfect harmonypossessive illusions - like a taste of defeat  
regress or rnegrate - and your downfall is complete  
ilusive possessions - an imaginary void  
hurled towards chaos - to destruct or destroy"we reach for outerdimensional paranoia  
concealed paralells and hidden truths...  
and then, as we gallantly plunge the borders  
of our own existence... elements dissolve  
and microcosms collide. these are the planetary  
black elements in wich the force lies to a  
greater cosmic glory... when the doors of  
perception are cleansed... the nexus polaris  
will rise..."possessive illusions - like the taste of defeat  
regress or regenerate - and your downfall is complete
