

# Punk It Up

## Malcolm McLaren

Infectious Grooves is on the house

Give it up Give it up hey hey hey  
Straight from another world another time another thought  
We've come to save that beat to free the groove and watch you rot  
Sweet feeling-can't stop it no! no! no!  
We're gonna punk it up and funk it up!  
Damn right we got the ways we got the means we got the feel  
We've come to bust the grooves that everyone will want to steal  
Sweet music-can't stop it no! no! no!  
We're gonna punk it up and funk it up!  
And then the day will come when all the world will come to see  
The knighting of the sound that's spreading infectiously  
Sweet revenge-can't stop it no! no! no!

We're gonna punk it up and funk it up!

Well I'll punk you up and then I'll funk you up  
Go cyco go cyco go cyco

Kick you with the beat kick you with the groove

Kick you in the butt now you're booty's on the move

Hit you with our feel hit you with our sound

Hit you with our zak how your booty shake around

Go cyco go cyco go cyco

Well I'll punk you up and I'll funk you up!  
Punk it up funk it up we punk it up and funk it up

Jam it up and slam it up

Punk it up diba doba daba hey hey hey

Infectious Grooves blitzkrieged the house
