Tuatara

Sweet, contain me around Only To.. I Spit! Step on my disease,
So nice to see me bleed
Step on my disease,
I cannot contain Slow it Down.. I'm So winded,
I've fallen down again Taste.. The numb of my teeth Forever it makes me.. Sick!! Step on my disease
So nice to see me bleed
Step on my disease
I cannot contain Slow it Down.. I'm So winded,
I've fallen down again
I follow the walking dead
Now that you found out somewhat about me,
I wonder how long it will be before you leave Slow it down.. I'm So winded.. Slow it down.. I've fallen down..
Again Slow it Down, I'm So winded,
So end it,
I've fallen down.. Again
I follow the walking dead Spit!
Stupid Fuck
