

Forge Your Own Chains

D.R. HOOKER

Canâ€™t dig what youâ€™re doinâ€™
I wonâ€™t know you pretty soon
Got to try to improve your brain
To see. Itâ€™s clear you forge your own chains
Forge your own chains

Maybe one more cigarette to clear your head
Today youâ€™re living; tomorrow youâ€™re dead
Consequences arenâ€™t always the same
A linkâ€™, I thinkâ€™, You forge your own chains
Forge your own chains

Youâ€™re thinking the hard stuff ainâ€™t so bad
Stick with it and believe me youâ€™ll wind up sad
Stop it now. Donâ€™t do it again
You see, itâ€™s clear you forge your own chains
Forge your own chains

Drown you sorrows in a drink
Donâ€™t hurt anyone. Thatâ€™s what you think
Your reason and your mind are getting mighty lame
I know you know you forge your own chains
Forge your own chains
Forge your own chains
Forge your own chains
Forge your ownâ€™
