

# Get Up And Go

## Long Tall Texans

this is my last goodbye  
get up and go-oo-woah  
i wanna know what it's like  
get up and go-oo-woah  
ain't gonna wait around and die  
get up and go-oo-woah  
it's not enough to survive if you're losing your mind just to believe in it  
come on and put yourself in danger  
don't answer if anyone calls  
come on and put yourself in danger  
don't answer if anyone calls  
i know how hard you tried  
get up and go-oo-woah  
you wanna know what it's like  
get up and go-oo-woah  
don't let it bury you alive  
get up and go-oo-woah  
just leave it all in the past it's gonna happen so fast you won't even feel it  
come on and put yourself in danger  
don't answer if anyone calls  
come on and put yourself in danger  
don't answer if anyone calls  
come on and put yourself in danger  
don't answer if anyone calls  
don't answer if anyone calls  
this is our last goodbye  
get up and go-oo-woah  
so lets cut to the chase there's no time to waste, you better believe me  
come on and put yourself in danger  
don't answer if anyone calls  
come on and put yourself in danger  
don't answer if anyone calls  
come on and put yourself in danger  
don't answer if anyone calls  
come on and put yourself in danger  
don't answer if anyone calls  
don't answer  
don't answer  
don't answer  
don't answer if anyone calls
