

Nothing to Worry About (LehtMoJoe Remix)

Peter Bjorn and John

Do this thing, this type of thing?
Put a little money on this type of thing
I got nothing to worry about
I got nothing to worry aboutDo this thing, this type of thing?
Put a little money on this type of thing
We got nothing to worry about
We got nothing to worry aboutThank you two
Why always so negative?
If you have problems, why don't you go solve them?
Beat me upAt least you wont be so out of touch
If your a poet, why don't you lift your tong and show it?[Repeat: x2]
Do this thing, this type of thing?
Put a little money on this type of thing
We got nothing to worry about
We got nothing to worry aboutTrouble seems, trouble seems to fallow you.
Its always round you like something you subscribe to.
There must be something in you
Turning boys to men, and back again[Repeat: x4]
Do this thing, this type of thing?
Put a little money on this type of thing
We got nothing to worry about
We got nothing to worry about[Repeat: x2]
Nothing to worry about
I got nothing to worry about
