

Good Lookin' Woman

Norman Greenbaum

You wanna have nice things, oh yeah
Best friends and diamond rings, i say oh oh yeah
You wanna drive your cadillac car, wanna live the rich life
Baby, baby don't look further 'cause i am a good time spender Its gonna take money to keep you aroud, baby
(x2)
you worry about the future, baby you can have it
cause i've got the money, and i am willing to spend it
on a good looking woman, good looking woman like you. you are a good looking woman oh yeah
you are a front page woman say wo o yeah
you could be society child if you give the right answer
baby whemn ypou flash that smile, tell me i have to get you its gonna take money.. good looking woman, good
looking woman you wanna have nice things, say oh yeah
all you have to do its come to me, i say oh oh yeah
I give you everything you want i fill your hearts desire
Babby you just cant go hhigher cause i am a good time spender Its gonna take money
you worry about the future..
