Cloud

The Color Red

Break me more
Anytime you want
I won't stop you
And when below the under
Break anytime that you are under
Break anytimeYou're taking me more
There's a lot of talking about a nation
Pick it up and bring in modern creation
There is a face I make when I feel sensation
Make me hard and lay me down
Till I am no more want for achingTake me in speak to me
Take me and break me
I tried you let you
But you got to face it
That you're nothing but a silhouhette
Tangling trust in me
And I'll always make it
Get me more
Break me
