My Love for You

Johnny Mathis

My love for you is deep and endless as the sea
Strong and mighty as a tree
My love for youMy eager heart keeps beating just for you alone
Since the moment it has known
My love for youThere'll be no other lips, no other arms
No other love for me
Feeling as I do, how could there be?And so it will be far beyond eternity
Ever faithful, ever true
My love for you
