

Never Change

Puddle of Mudd

Someone's always tellin' me I'm no good
Well I don't care what you say
Someone's always giving me a hard time
Well I live day to day Someone's always puttin' me in my place
Like I don't know where I am
So I'll just sit here in the corner
Without any direction Maybe it's all it's all in my head
I think that it's something something you said
I understand some things
Will never change, never change Someone's always kickin' me to the curb
Well it's grindin' off my face
Someone's always pushin' me to the side
Like I'm standing in the way Someone's always gettin' up in my face
Like I don't know who I am
Too old to get 'em in the corner
Without any direction Maybe it's all it's all in my head
I think that it's something something you said
I understand some things
Will never change Somebody's always out to get me
Somebody's always tryin' to kill me
Understand some things will never change Why did you have to go and change?
Couldn't you have just stayed the same
Why did you have to go and say?
Understand some things don't change
Yea, no they don't don't change Maybe it's all it's all in my head
I think that it's something something you said
I understand some things
Will never change Somebody's always out to get me
Somebody's always tryin' to kill me
Understand some things will never change Why did you have to go and change?
Couldn't you have just stayed the same
Why did you have to go and say?
Understand some things don't change Why did you have to go and change?
Couldn't you have just stayed the same
Why did you have to go and say?
Understand some things don't change Never change
Some things never change
Some things never change
Change
