Mercury

Dog Traders

Wanna go get high?
Mercury is parked outside under the light
Wanna take me to
Parking lot of the old high school
And it's like you said
Would've turned up dead in the car
And it's like you said
Would've turned up dead in the car

Wanna go get high?
Mercury is parked outside under the light
Wanna take me to
Parking lot of the old high school
And it's like you said
Would've turned up dead in the car
And it's like you said
Would've turned up dead in the car
