

# Mercury

## Dog Traders

Wanna go get high?  
Mercury is parked outside under the light  
Wanna take me to  
Parking lot of the old high school  
And it's like you said  
Would've turned up dead in the car  
And it's like you said  
Would've turned up dead in the car

Wanna go get high?  
Mercury is parked outside under the light  
Wanna take me to  
Parking lot of the old high school  
And it's like you said  
Would've turned up dead in the car  
And it's like you said  
Would've turned up dead in the car
