So Excited

B.B. King

Oh, Im so excited, think about you all the time
Yes, I cant wait to see you baby
You really best of my mind
Youre so fine, wanna hold you all the timeOh, when, when you touch me baby, tears of joy Im crying
Oh, and when you hold me chills run up and down my spine
Youre so fine, think about you all the timeYes, Im so excited, I met peace with the world
Oh, can this love be real? Im talking about my new, new love
Youre so fine baby, wanna love you all the timeHey, Im so excited, dont know what youre doing myself
Oh, Im so happy baby, dont need nobody else
Youre so fine baby, think about you all the timeYes, when I look in your eyes, you put me in a trance
Oh, I just shake all over baby, oh, I feel like I wanna dance
Youre so fine baby, wanna hold you all the timeHow can this be a dream, can this really happen to me?
Oh, surely loved at last, seems like a fantasy
Youre so fine baby, wanna hold you all the timeOh, I thought Ive been in love, so many, many times
Oh, but this new love, has really messed up my mind
Youre so fine, think about you all the timeYoure so nice and lovin, everything you do is right
I just cant wait, I cant wait baby
Cant wait for you to hold me tight
Youre so fine, wanna hold you all the time
