

# So Excited

**B.B. King**

Oh, Im so excited, think about you all the time  
Yes, I cant wait to see you baby  
You really best of my mind  
Youre so fine, wanna hold you all the time Oh, when, when you touch me baby, tears of joy Im crying  
Oh, and when you hold me chills run up and down my spine  
Youre so fine, think about you all the time Yes, Im so excited, I met peace with the world  
Oh, can this love be real? Im talking about my new, new love  
Youre so fine baby, wanna love you all the time Hey, Im so excited, dont know what youre doing myself  
Oh, Im so happy baby, dont need nobody else  
Youre so fine baby, think about you all the time Yes, when I look in your eyes, you put me in a trance  
Oh, I just shake all over baby, oh, I feel like I wanna dance  
Youre so fine baby, wanna hold you all the time How can this be a dream, can this really happen to me?  
Oh, surely loved at last, seems like a fantasy  
Youre so fine baby, wanna hold you all the time Oh, I thought Ive been in love, so many, many times  
Oh, but this new love, has really messed up my mind  
Youre so fine, think about you all the time Youre so nice and lovin, everything you do is right  
I just cant wait, I cant wait baby  
Cant wait for you to hold me tight  
Youre so fine, wanna hold you all the time
