

# Mr Brightside

## The Moon Loungers

I'm coming out of my cage  
And I've been doing just fine  
    Gotta gotta be down  
    Because I want it all  
    It started out with a kiss  
    How did it end up like this?  
        It was only a kiss  
        It was only a kiss  
        Now I'm falling asleep  
        And she's calling a cab  
        While he's having a smoke  
        And she's taking a drag  
        Now they're going to bed  
        And my stomach is sick  
        And it's all in my head  
    But she's touching his chest now  
        He takes off her dress now  
            Let me go  
    And I just can't look it's killing me  
        And taking control  
    Jealousy, turning saints into the sea  
        Swimming through sick lullabies  
            Choking on your alibis  
        But it's just the price I pay  
            Destiny is calling me  
            Open up my eager eyes  
            ?Cause I'm Mr. Brightside  
        I'm coming out of my cage  
        And I've been doing just fine  
            Gotta gotta be down  
            Because I want it all  
            It started out with a kiss  
            How did it end up like this?  
                It was only a kiss  
                It was only a kiss  
                Now I'm falling asleep  
                And she's calling a cab  
                While he's having a smoke  
                And she's taking a drag

Now they're going to bed  
And my stomach is sick  
And it's all in my head  
But she's touching his chest now  
He takes off her dress now  
Let me go  
?Cause I just can't look it's killing me  
And taking control  
Jealousy, turning saints into the sea  
Swimming through sick lullabies  
Choking on your alibis  
But it's just the price I pay  
Destiny is calling me  
Open up my eager eyes  
?Cause I'm Mr. Brightside  
I never  
I never  
I never  
I never
