

When It Comes to You I'm Lazy

[Danielson](#)

I lay my head on your thighs
And close my eyes
And think of
All of our daysFast moving months
They pass us by
For me things take time
To seep in, into this mindAll over this place
My opinions flyWe went blind
Into this standing
No pattern to follow
Only, go here nowAll over this place
I am not my ownI want to be just like you
And I, I want to be free on my insides
And prefer to raise others
Above, above myselfWhen you're asleep
I miss you the most
You're already five years
I feel tossed to and froAll over this place
Playing is calling my namePapa, papa, papa, papa
Papa, papa, papa, papa
Papa, papa, I am not my ownAll over this place
Playing is calling my nameI want to be just like you
And I, I want to be free on my insides
And prefer to raise others
Above, above myselfWhen it comes to you Ive been lazy
But now I need you
I put down myself just to hide
Right behind, oh you, youWhen it comes to you Ive been lazy
But now I need you
I put down myself just to hide
Right behind, oh you, youI want nothing
Of the world in me
