

# What Are We Living For

[Todd Smith](#)

Did you give up freedom so we could do whatever we want?  
Did you shed Your blood so we could abuse Your grace for us?  
Is our liberty meant to be only for ourselves?  
You gave it all  
How can we thank You, God? If we have only one life to live, what are we living for?  
If we have only one death to give, let's give glory to the Lord  
Let us fall down on our knees, there is so much more in store  
Let's fight off the darkness, and rise up  
What are we living for?  
If we are hungry, let us be hungry to reach the lost  
If we want change, then let change start in us  
Let's take Your mercy to the hurting, bring captives to the cross  
While we're still alive  
Spirit of God, revive If we have only one life to live, what are we living for?  
If we have only one death to give, let's give glory to the Lord  
Let us fall down on our knees, there is so much more in store  
Let's fight off the darkness, and rise up  
What are we living for? It is for freedom that You have set us free  
Give us the courage to run to the broken and the least  
Saints, now arise and be the church we're called to be  
Whatever the cost, show the love of God  
If we have only one life to live, what are we living for?  
If we have only one death to give, let's give glory to the Lord  
Let us fall down on our knees, there is so much more in store  
Let's fight off the darkness, and rise up  
Let's fight off the darkness, and rise up  
What are we living for?  
What are we living for?
