Merry Go Round

Tanner Patrick

I was always taught
To stay inside the lines
But sooner or later
I'll be a traitor
To the warning signs
I was always told
That I'd never be anything
Other than what I am now
Oh look at me nowI escape into the sound sound sound
Spinning like a merry go
Round round round
I don't ever want to slow
Down down down
I trust this ride tonightI escape into the sound sound sound
Spinning like a merry go
Round round round
I don't ever want to slow
Down down down
I trust this ride tonight
Tonight, yeahEverybody said
To have a back up plan
But that's an allusion
It's my decision
To build it by handYou can always find me
On the other side of the line
Losing my, losing my mind
Oh that's where I want to beI escape into the sound sound sound
Spinning like a merry go
Round round round
I don't ever want to slow
Down down down
I trust this ride tonight
Tonight, yeahI like what you do to me
Without you I'm incomplete
You always get me started
When I escape into the
Sound sound sound
Spinning like a merry go
Round roundDon't fall in line

We can break the ties
We'll erase the night
And paint the skyI escape into the sound
Spinning like a merry go round
I don't ever want to slow
Down down down
I trust this ride tonightI escape into the sound sound sound
Spinning like a merry go
Round round round
I don't ever want to slow
Down down down
I trust this ride tonight
Tonight, yeahI like what you do to me
Without you I'm incomplete
You always get me started
When I escape into the
Sound sound sound
Spinning like a merry go
Round roundDon't fall in line
We can break the ties
We'll erase the night
And paint the sky.
