

Not Like You

Boyz II Men

Use to work every day,
I guess I never really thought about it
Around the world playing the field but you were chill,
As I reflect it seems you just allowed it
All the facebook photographs of ladies adoring me,
Meanwhile you were sitting home alone.
(Take It Nate)My worlds falling apart
Caught me off guard because we never ever talked about it
Now heartbreak is the tune,
A million words, a million tears just can't do nothing about it
It's my bad I don't want you to apologize for what you feel
Girl you were looking for the love you needed[Chorus]
Images keep on swirling in my mind so every day I gotta pray about it
(Not Like You)
Truth is I don't question your character just so hurt and really mad about it
(Not Like You)
Maybe you were selfless while I was selfishly busy doing me
(Not Like You)
I got too busy almost losing you
(I know it's Not Like You)I knew I had you so I took you love for granted like I really didn't care about it
(Not Like You)
Never realized what you got until its gone now all I do is sit and think about it
(Not Like You)
Cast the hurt and the shame and my ego's blame in the sea of forgetfulness
Please forgive me I've been such a fool
(I guess it's Not Like You)I almost lost you now I know for sure
We have a love that's worth fighting for
Even though it hurts I'm gonna hold on tighter, I won't let you go
When you find the one love has been cheating
And saying sorry is a state of being
I guess I gotta learn my lesson from painful memories[Chorus]I knew I had you so I took you love for granted
Like I really didn't care about it (not Like You)
Never realized what you got until its gone
All I do is sit and think about it (not Like You)
Cast the hurt and the shame and my ego's blame in the sea of forgetfulness
Please forgive me I've been such a fool (but this is Not Like You)(This is Not Like You)
Not Like You
Baby (Not Like You)
Baby, please (Not Like You)

Please, don't leave me baby (Not Like You)
I got too busy almost losing you
I know it's Not Like You (Not Like You)
It's just so not like you baby, I don't know (Not Like You)
Cast the hurt and the shame and my ego's blame in the sea of forgetfulness
Please forgive me I've been such a fool But this is Not Like You
