

New Land

Avatar

A new world, awaits
I'm flying without an escape plan
Breakthrough the gate
Take up, take me on
Breakthrough the sky I will scare you I woke up, to late
Danger are heading behind us
They come and create
Here comes the dark, causing the chaos Fly beyond the oceans
Drag to find our place
Over somewhere out there
Somewhere you'll be safe
Sleep my child and dream of the new land You wont be, alone
Remember you all got a challenge
Crack through the stone
The silverest time will all be alright Fly beyond the oceans
Drag to fin our place
Over somewhere out there
Somewhere you'll be safe
Sleep my child and dream of the new land You were promised
You will be departed
Sleep until we reach the new land You were promised
You will be departed
Sleep until we reach the new land You were promised
You will be departed
Sleep until we reach the new land Fly beyond the oceans
Drag to fin our place
Over somewhere out there
Somewhere you'll be safe Fly beyond the oceans
Drag to find our place
Over somewhere out there
Somewhere you'll be safe
Sleep my child and dream of the new land
