Cali Get Down

Radical Something

Cali get down like this
Come and get down like that
CaliWe're crawling up the streets
And rollin' through your town, its electric
Bending every corner but I'm feelin' disconnected
Because I'm young, dumb, and loaded like a shot gun
She coastin' up on a Santa Cruz long one
Rollin' it up and smokin' it all
She turned around and goes
"Where you from?"Left coast, best coast, did I stutter?
West coast that's my bread and butter
Rad Fam hot damn on the come-up
Everybody be like "What up motherfucker!?"She looks like she's from California
She dance with two left feet and do the hipster polka
Funny lookin' shake a leg, bunny hoppin'
Maybe we look stupid but its fine
She looks like she's from california
Cali get down like this
Cali get down like thisNah she ain't done yet, she slappin' down Sunset
She so cold like Frisco, she OG like disco
She rock them Vans 'til the day that she die
I'm In N Out we gettin saucy got that Animal StyleSo where you from?
Yeah, where tropical is typical
We'll put you on!
To some gnarly individuals
Yo, you don't know what you're missin' one flight from good living
Quit your job or call in sick and you can take a visit to theLeft coast, best coast, did I stutter?
West coast that's my bread and butter
Rad Fam hot damn on the come-up
Everybody be like "What up motherfucker!?"[Chorus]Cali get down like this
Cali get down like that (Hop a flight I'll bring you home)
Cali get down like this
Cali get down like that
Cali get down like this[Chorus]
