

Down

Stone Temple Pilots

Pleased to meet you, nice to know me
What's the message? Will you show me?
I've been waitin' a long time now
Now here's the answer, you're all mine now
Yeah, I've been waitin' for my Sunday girl
Yeah, I've been waitin' for my Sunday girl now
Pleased to meet you, nice to know me
What's the message? Will you show me?
I've been waitin' a long time now
Now here's the answer, you're all mine now
Yeah, I've been waitin' for my Sunday girl
Yeah, I've been waitin' for my Sunday girl now
Will you follow me down now, down now?
Will you follow me down now, down now?
Will you follow me down?
Yeah, I've been waitin' for my Sunday girl
Yeah, I've been waitin' for my Sunday girl now
Yeah, I've been waitin' for my Sunday girl
Yeah, I've been waitin' for my Sunday girl now
Pleased to meet you, nice to know me
What's the message? Will you show me?
