Extinct Instinct

Antighost

Weâ€™re strange
And worried
As wolves
Caught up in the cattle

Thereâ€™s pain
In our stories
We wonâ€™t win
Every battle

Thereâ€™s no purpose to life
And if they find us in the light
We will exterminate
Or unite

To the cheats
And the liars
Oh, somebody stop me
I wanna burn it down

To the creeps
Who conspire
And try to silence
Our every sound

Thereâ€™s no purpose to life
And if they find us in the light
We will exterminate
Or unite
