

Don't Throw It All Away

Olivia Newton-John

(G. Benson/D. Mindel) Here we go
Breaking up what we have built
Leaving out all the things that we have felt
Where was I, where was I before you came
From the first time that I saw you
I thought Maybe I
Maybe I did something wrong
How I tried
But the words won't fit the song
Found the door
But I could not find the key
From the first time that I saw you
I thought that you may be So don't throw it all away
I don't wanna be the one who's gonna have to beg you stay
I don't wanna be the one to change your mind
One more time
Please stay
Don't throw it all away Though it seems
That I just take it out on you
Don't you know
Only you can get me through
Found the door
Now I know that you're the key
From the first time that I saw you
I knew that you may be So don't throw it all away
I don't wanna be the one who's gonna have to beg you stay
I don't wanna be the one to change your mind
One more time
Please stay
Don't throw it all away
Don't throw it all away
Please stay
