

# Push the Button (NightBug Remix)

Sugababes

I'm busy throwing hints that he keeps missing  
Don't have to think about it  
I Wanna kiss and  
Everything around it  
But he's too distant  
I wanna feel his body  
I can't resist it I know my hidden looks can be deceiving  
But how obvious should a girl be?  
I was taken by the early conversation piece  
And I really like the way that he respect me I've been waiting patiently for him to come and get it  
I wonder if he knows that he can say it and I'm with it  
I knew I had my mind made up from the very beginning  
Catch this opportunity so you and me could feel it 'cause If you're ready for me boy  
You'd better push the button and let me know  
Before I get the wrong idea and go  
You're gonna miss the freak that I control I'm busy showing him what he's been missing  
I'm kind of showing off for his full attention  
My sexy ass has got him in the new dimension  
I'm ready to do something to relieve this mission After waiting patiently for him to come and get it  
He came on through and asked me if I wanted to get with him  
I knew I had my mind made up from the very beginning  
Won't miss this opportunity so you and me could feel it 'cause If you're ready for me boy  
You'd better push the button and let me know  
Before I get the wrong idea and go  
You're gonna miss the freak that I control If you're ready for me boy  
You'd better push the button and let me know  
Before I get the wrong idea and go  
You're gonna miss the freak that I control I've been dropping so many hints  
You're still not getting it  
Now that you've heard everything I have to say  
Where we gonna go from here? After waiting patiently for him to come and get it  
He came over and asked me if I wanted to get with him  
I knew I had my mind made up from the very beginning  
Won't miss this opportunity so you and me could feel it 'cause If you're ready for me boy  
You'd better push the button and let me know  
Before I get the wrong idea and go  
You're gonna miss the freak that I control If you're ready for me boy  
You'd better push the button and let me know  
Before I get the wrong idea and go

You're gonna miss the freak that I control  
(I control) If you're ready for me boy  
(For me boy)  
You'd better push the button and let me know  
Before I get the wrong idea and go  
(Oh, oh)  
You're gonna miss the freak that I control
