Boys Like You

Megan & Liz

Black and white
All I see
Is a silent movie
And I'm stuck inside the scene
then I saw you
And the color came through
And I don't know what I'm doing
But I'm doing it with you
You wanted infinity

I've got a lot to say
And you listen
When I go away
You're still missing me
Missing me
Laying round the house
Doing nothing
But you gotta way
Of making something
I've never felt before
And they don't make boys like you
Anymore
Boys like you do da do do do boys like you

You hold my hand
You're my best friend
You know everything about me
You don't care if I'm a mess
Even when I'm not my best
You make me better
Couldn't ask for anything more
You never give any less

I've got a lot to say
And you listen
When I go away
You're still missing me
Missing me
Laying round the house

Doing nothing
But you gotta way
Of making something
I've never felt before
And they don't make boys like you
Anymore
Boys like you do da do do do boys like you

We meet a thousand people
Every single day
And there's a million reasons
Why you shouldn't stay
But some things are meant to be
You wanted infinity

You've got a lot to say
And I'll listen
When you go away
I'll be missing you
Missing you
Laying round the house
Doing nothing
But you gotta way of making it something
I've never felt before
And they don't make love like this
No they don't make boys like you
Anymore
Love like this
Boys like you do da do do do
