

# Lampshades on Fire

## Modest Mouse

Ba-bup bup bup ba-da-da  
Da-dup dup dup da-da-da  
We're all going  
We're all going Well, the lampshade's on fire  
When the lights went out  
The room lit up and we ran about  
This is what I really call a party now  
Pack up our cars, move to the next town Well, the lampshade's on fire  
When the lights go out  
This is what I really call a party now  
Well, fear makes us really, really run around  
But this one's done so where to now?  
Our eyes are open and our shirt off  
You all know what I'm talking about  
Chained up my eyebrows while I fall on the ground  
So I won't look surprised right now Pack up again, and to the next place  
Where we made the same mistakes  
Put it up, and then chop it down  
But this one's done so where to now? Ba-bup bup bup ba-da-da  
Da-dup dup dup da-da-da  
We're all going  
We're all going We have scars in our bones  
We'll eat your food, we'll throw the stone  
This is how it's always gone  
And this is how it's going to go  
Well, we're the human race  
We're going to party at this place and then move on Keep it wild then make it hurt  
Yeah we have scars, yeah we have bones  
This is how it's always gone  
And this is how it's going to go As our feelings are getting hurt  
Well, we want you to do the work  
Our ass looks great inside jeans  
Well, we want a dressed-up party queen This is how it's always gone  
And this is how it's going to be  
So let's move on Lamps on fire right looking up  
Looking towards the heavens  
Towards the heavens above  
Waiting for the magic when the sound is played  
We'll push, push, push, push, push it to the floor Spend some time to float in outer space

Find another party, make the same mistakes  
Our mind's so shattered when we plan to go  
Waiting for the sound as we find another globeUntil we're moving on  
Better find another one because this one's gone  
Waiting for the magic when the sound is blown  
We'll push, push, push, push, push a little forwardBa-bup bup bup ba-da-da  
Da-dup dup dup da-da-da  
We're all going  
We're all going upBa-bup bup bup ba-da-da  
Da-dup dup dup da-da-da  
We're all going  
We're all going up
