

Same Old Scene

Bryan Ferry & Roxy Music

Nothings last forever
Of that I'm sure
Now you've made an offer
I'll take some more
Young loving may be Oh so mean
Will I still survive
The same old scene'
In our lighter moments
Precious few It's all that heavy weather
We're going through
When I turn the corner
I can't believe It's still the same old movie
That's haunting me
Young loving may be
