

Jaked On Green Beers

Alkaline Trio

It's been a long time since I've been close to you
It's been a long time since I've been sad
It's been a while since I've really spent time with you
Wish I could take back the times that I hadThe only thing that you ever really did for me
Was make me oh so miserable
And the hope that I never see your face again
Is anything but questionableI hope this is goodbye
I hope this is goodbyeThere was a time when I thought you were a friend to me
I think those times I was probably just drunk
And if they offered a test about being a good friend
I'd put money down that you'd surely flunkThe only thing that you ever really took from me
Were my records to sell them for dope
Now all I have left is this heart in my chest
And my happiness helping me copeI hope this is goodbyeIt's been a long time since I've been close to you
It's been a long time since I've been sad
It's been a while since I've really spent time with you
Wish I could take back the times that I hadThe only thing that you ever really did for me
Was make me oh so miserable
And the hope that I never see your face again
Is anything but questionableThere was a time that I thought you were a friend to me
I think those times I was probably just drunk
And if they offered a test about being a good friend
I'd put money down that you'd surely flunkThe only thing that you ever really took from me
Were my records to hawk them for dope
Now all I have left is this heart in my chest
Your dishonesty helping me copeI hope this is goodbye
(I hope this is goodbye)
I hope this is goodbye
(I hope that this is goodbye)
