Rsk

When I wake up gotta make it bout the green in the cou,
When we pullout on the scene I let them see what we got,
I'll be on its a mono all I see is the bow,
A success its a stress but I see the bragrest,
We can make a kinda life we let the team on it now,
I'll be low get keem momma on em beast on a mah,
Its in the street got me getting enemies in this bitch,
Hold the beef, I dont really wanna be in this bitch,
Put the scenes I dont want the scenes mixed with my discenes,
Call it lean, got me in a dream living like a king,
Switch flow, thats all I know, big bang thats all I know,
Keep the lyric we gotta call the bros, coupla beds wanna hit the show,
EYYYYYYYY,
Thats a party, didnt know that this a party, eh,
Maserati got me swerving not a Ferrari, eh,
This is what we dream about, gettin better everyday thats all I think about,
And stand way up, GET UP,
So much lettcha know, woh woh,
So much lettcha know, I just wanna lettcha know,
That I'm a Franchise Player, I'm a Franchise Player,
Starting five in the lead boi! I keep a lot I can could,couple pears in the way boi!
