

# Happiness

[eleventyseven](#)

Happiness is overrated  
It always lets me down  
It's artificially inflated  
She's a flirt and she burns me every time  
Happiness is just a dream and nothing's what it seems  
Happiness broke my heart  
But You caught all the pieces  
I thought that I'd found it all  
But Your love is so much deeper  
Even though my life's a mess  
I love You more than happiness  
Before I knew it, it was over  
Without a kiss goodbye  
No more candy hearts and roses  
I've got to get this off my chest, I'm done with happiness  
Why am I so obsessed?  
I'm totally unimpressed  
This happiness is getting me down
