

# Just As I Am

Kelly Price

I would cry thought no one loved me  
Life was just so unfair  
If I died things would be better  
Maybe no one would care

All alone this ugly duckling  
Hung my head down in shame  
Wondered why I was created  
Til you called out my name

But Lord you made me  
Just how you wanted me to be  
Shapen in the image of you

Had to fight always a battle  
Going on in my mind  
On my own had to survive it  
Was this all to my life?

Didn't think in had a purpose  
Didn't fit in the crowd  
Didn't know you made me special  
And that you picked me out

And Lord you made me  
Just how you wanted me to be  
Shapen in the image of you

I'm so thankful  
Somebody told me you loved me  
Now I'm living my life brand new
