you say - there's no place you'd rather be when you're lying next to me
I say - there's no one 'd rather see when you're lying next to me
you say - that you never want to go when you're lying next to me
I say - that I want to take it slow when you're lying next to meplastic stars in our private galaxy
synthpop stars come and play a show for meyou say - you are totally complete when you're lying next to me
I say - even your tears will taste sweet when you're lying next to me
you say - a better place cannot be found when you're lying next to me
I say - let's make my bed a playground when you're lying next to meplastic stars in our private galaxy
synthpop stars come and play a song for me
