

Lightning

Fangclub

Think I had a nightmare
Hit me with your lightning eyes
Woke up on the dark stairs
I couldn't even reach the light
I was a kid, a kid, a kid
Just six years old
A kid, a kid, a kid
Nobody told me this would be the way my
This would be the way my life would go I can't sleep can't sleep, the lightning
I can't sleep, can't sleep the lightning
I can't sleep, can't sleep the lightning
I can't sleep, can't sleep the lightning
Never had a problem
Never had a fit when it wasn't my day
Never really troubled them
So why am I all alone and you gone away?
I was a kid, a kid, a kid
Seven years old
A kid, a kid, a kid
Nobody tell me this would be the way my
This would be the way my life would go I can't sleep, can't sleep the lightning
I can't sleep, can't sleep the lightning
I can't sleep, can't sleep the lightning
I can't sleep, can't sleep the lightning I can't sleep, can't sleep the lightning
I can't sleep, can't sleep the lightning
I can't sleep, can't sleep the lightning
I can't sleep, can't sleep the lightning
Safe inside your arms I'm
Never gonna let you go
Safe inside your arms I'm
Never gonna let you go
Safe inside your arms I'm
Never gonna let you go
Safe inside your arms I'll never let you go
I'll never let you go Safe inside your arms
I'll never let you go
I'll never let you go
Safe inside your arms
I'll never let you go

I'll never let you go
Safe inside your arms
I'll never let you go
I'll never let you go
Safe inside your arms I can't sleep, can't sleep the lightning
I can't sleep, can't sleep the lightning
I can't sleep, can't sleep the lightning
I can't sleep, can't sleep the lightning
I can't sleep, can't sleep the lightning
I can't sleep, can't sleep the lightning
I can't sleep, can't sleep the lightning
I can't sleep, can't sleep the lightning
