

# Rock On

## The Glitter Band

There's a new Vibration, Spreading through the Nation

Get up off your feet, Rock on

Like a ball of fire, keeps on growing higher

Chase your blues away, rock on!

On and on and on and on, rock on

That feeling in your soul, sounds like rock n roll

Chase your blues away, rock On!

Well its just music motion, and if you got the notion

To get up off your feet, rock on

On and on and on and on, rock on

And now I'll tell you something, We really started something strong

As long we keep going, we know there's nothing going wrong

There's a new age coming, things are really humming

All across the land, rock on!

Like a magic potion, it's just music motion

Get up on your feet rock on!

On and on and on and on, rock on

On and on and on and on, rock on

On and on and on and on, rock on

On and on and on and on, rock on

Rock on, rock, rock, rock
