

# Pillar of Light

Grant Lemon

Darkness covered the earth, people were looking for truth  
But it was taking away so long ago  
God was preparing their hearts  
So He could light up the dark  
`Cause it was time for a new beginning  
There was a boy who needed answers  
One that was chosen by God  
So, he went and found a place to pray  
And when he prayed

A pillar of light rested on him  
The windows of heaven were opened again  
They called him by name  
Chosen by God  
He was part of a bigger plan.  
It all began with a pillar of light.

Shining bright as the sun  
Heavenly rays of love  
Started drowning out the darkness  
And everything that was lost  
Was given back to us  
In a spiritual restoration  
God showed us we were not forgotten  
And he provided a way  
All because a boy knelt to pray  
And when he prayed

A pillar of light rested on him  
The windows of heaven were opened again  
They called him by name  
Chosen by God  
He was part of a bigger plan.  
It all began with a pillar of light.

God the Father and the Son appeared  
To place a little piece of heaven here  
They showed their perfect love  
For us  
With a pillar of light

A pillar of light

A pillar of light rested on him  
The windows of heaven were opened again  
They called him by name  
Chosen by God  
He was part of a bigger plan.  
It all began with a pillar of light.  
A pillar of light
