

Don Giovanni

Joan Pons, Orquestra Simfonica de Barcelona, Nacio

You're making enemies
Like Don Giovanni
You're making enemies
Like Don Giovanni
Don killed Anya's father in a brutal swordfight
The old man regrouped and came back from the dead
You're making enemies
Like Don Giovanni
You're making enemies
Like Don Giovanni
Well the old man came back from the dead and dragged
Don Giovanni to hell
So don't fuck with me..kid!
